Little Birds Forest Nursey Visit*

Wonderful visit today from the Little Birds forest Nursery.

These little children are truly inspiring. With each visit, their confidence grows, and we love seeing them come out of their shells. The tiny conversations they share with our residence are absolutely charming, and the natural bonding that happens is nothing short of magical. The children brought along a small tree and crafts to decorate with our residents. There was card making, Christmas singing, and even some festive dress-up fun, spreading so much seasonal cheer already

They delighted us by showing off their skills and their enthusiasm.

One of the residents shared "I just love seeing their smiles, it brightens my whole day"

A huge thank you to the amazing team from little birds who made these visits possible with feel so lucky to have you at our home.

A Lovely Afternoon at the Wellbeing Café

We went to our local village hall to enjoy some time at the Wellbeing Café - a warm, welcoming space where we could meet new people, have a chat, and relax together. There was plenty of tea, coffee, and delicious homemade cakes, along with a great selection of games and lots of friendly faces to join in with. It was a lovely opportunity for us to spend time in the community, enjoy some social time, and share plenty of smiles. We're very fortunate to be part of such a close-knit area.

We rounded off the afternoon with a stop at the local supermarket for a bit of shopping -

a simple but enjoyable way to end our outing.

Live Music - What a Treat

We were delighted to be entertained by the wonderful Andy & Christopher Beaumont duo. They wowed us with piano, xylophone, glockenspiel and even a little singing

Walking for Dementia

Our amazing residents at The Anchorage Care Home took part in a special walk for Dementia this October... and together they walked an incredible 180,000 steps We're so proud of their effort and dedication in supporting such an important cause.
