Residents Help The Anchorage Gardens Flourish

Our Gardening Club is coming along wonderfully, and the outdoor spaces around the home are looking more beautiful than ever. Resident Judy has proudly taken on the role of lead gardener, helping to direct planting activities and supporting the maintenance of our freshly planted flowers and displays. Her enthusiasm and dedication have been fantastic to see, and residents have really enjoyed getting involved together. Thanks to everyone's hard work, the gardens are looking colourful, welcoming, and full of life - something we are all incredibly proud of.

Dementia Café Launch

We held our incredible first Dementia Café at The Meadows Room, Pulborough Village Hall. It was wonderful to see so many members of our local community together with some of our residents from The Anchorage and our amazing team members.

The tea & coffee were flowing, the homemade cakes were delicious - thanks to our talented chefs. A very special thank you to our Entertainer, Rustyn George, for his unforgettable performance. Our visitors were able to chat with all the professionals who came to support the event, reminding us just how important groups like these are for support, connection, and friendship.

Save The Date for our next one - Tuesday 9th June

Dementia Café

2nd Tuesday of every month
from 10:30 - 12:00
The Meadows Room,
Pulborough Village Hall

EMA Patient Transport

We welcomed Amanda from EMA Patient Transport to The Anchorage to learn more about the services they provide. During the visit, we discussed the range of transport services available, including hospital appointments, non-emergency transfers, long-distance journeys, and specialist medical appointments. Residents and staff also had the opportunity to look around one of the ambulances Amanda kindly brought along for us to tour. The vehicle was very well equipped, with comfort and safety clearly considered throughout. It was a lovely opportunity to find out more about the support services available within the community and to share information that may be useful to our residents, families, and friends in the future.
